John R. Morrissette
Project Manager-Transmission Siting
Northeast Utilities Service Company
P.O. Box 270
Hartford, CT 06141

RE: **DOCKET NO. 435** - The Connecticut Light & Power Company Certificate of Environmental Compatibility and Public Need for the Stamford Reliability Cable Project, which consists of construction, maintenance, and operation of a new 115-kV underground transmission circuit extending approximately 1.5 miles between Glenbrook and South End Substations, Stamford, Connecticut and related substation improvements.

Dear Mr. Morrissette:

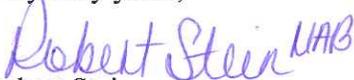

At a public meeting of the Connecticut Siting Council (Council) held on October 17, 2013, the Council considered and approved the Staging Area Request submitted for this facility on October 1, 2013.

This approval applies only to the Staging Area Request submitted on October 1, 2013, for the Stamford Area Work Center at 626 Glenbrook Road, the Glenbrook Substation, and the South End Substation, as staging areas prior to the approval of a Development and Management Plan for this project.

Enclosed is a copy of the staff report on this request dated October 17, 2013.

Thank you for your attention and cooperation.

Very truly yours,

Robert Stein
Chairman

RS/MB/cm

Enclosure: Staff Report, dated October 17, 2013

c: Parties and Intervenors
Michael Pavia, Mayor, City of Stamford

Docket 435
CL&P
Stamford
Staff Report
October 17, 2013

CL&P has requested that the Council allow it to utilize three properties owned by CL&P as staging areas prior to the approval of a full Development and Management Plan for its Stamford Reliability Cable Project. The three properties are: the Stamford Area Work Center, the Glenbrook Substation, and the South End Substation. All three areas would be used to store equipment and materials.

Staff recommends approval.

Glenn Brook Substation
